### Our Vision

*'Smarties children are compassionately inclusive, resilient and are sprinkled with laughter and smiles.'*

The children have had great fun this term and enjoyed lots of wonderful activities that have been planned around their interests. They have all settled in well and we have had a great first term. We are all so proud of them!

### Weekly Plan of Activities

Every week a plan of the activities we have planned will be placed on the large whiteboard, just at the entrance of our door. You will be able to see exactly what your child will be experiencing and learning about that week.

### Woodwork

We will be starting woodwork after the half term break. Information letters will be sent out before the children start, so if you have any questions, please don't hesitate to ask.

The woodwork area is set up with real tools and the children can make anything they want with the wood and loose parts. Children we have had in the past have thoroughly enjoyed using this area, so hopefully your children will love it just as much.

Lots of fun to look forward to.
